N. D. Aviator Dies In Battle

The St. Paul papers carry an official report that Howard Petschel, ex '42, army aviator has been "missing in action in the Far East" since March 3rd which is the equivalent of an announcement of his death.

aviator has been "missing in action in the Far East" since March 3rd which is the most seniors remember this dark, tall athlete from St. Paul who enlisted toward the end of his sophomore year, one of the first to volunteer in the defense preparations.

Howie had promise of a brilliant athletic career dating from high school days. In his last spring practice here, he was named for two awards of excellence at his position as end. One student recalled today that he had the highest mark in his religion class - and he was not a Catholic. Most students assumed that Howie was a Catholic because they saw him in the chapel every day. But it was an army chapel that saw his reception into the Church, his First Communion - and his marriage just last September.

Notre Dame extends her deepest sympathy to his widow and parents, and assures them that Howie will long be remembered as one of her finest sons.

Mass was offered for him Tuesday morning. Already he has been remembered by priests, brothers, and students in their Masses and Communions. A Requiem High Mass will be arranged in accordance with the wishes of the President of the University as soon as the rubrics of the Church permit Masses for the dead. The Mass will be offered after the Easter vacation to enable Howie's friends, and there are many of them, to attend this Mass.
