Father Lynch Recuperates.

Many inquiries have been made about the health of Father Lynch, the Prefect of Religion. Father is on his feet again and is now away from Notre Dame taking the rest which will put him in perfect condition. You can hasten Father's full recovery by your prayers. During the absence of Father Lynch, Father Craddick will be in the Dillon office of the Prefect of Religion, Father Simonitsch will be in Cavanaugh and Father Haley in Breen-Phillips (Room 135).

"Do Unto Others."

Charity is not limited to the giving of money to needy causes. The poor man has as much opportunity to practice this virtue which "covers a multitude of sin" as the rich. The odds and ends you do for one another on the campus can be called charity. A little thing like picking up the neighbor's hometown news sheet and bringing it from the mail stand to his room is a service done for Christ and one's neighbor. It's charity to visit sick friends in the hospital and to send them a note or card if you can't make a personal call.

Juniors of Cavanaugh.

If you take 15 minutes out of your life on the mornings you sleep over and press the buzzer and go to Holy Communion in your hall, two important effects will take place. First, you will receive from Christ a charge of his own virtue which will help you carry out your daily duties and will make the conquest of temptation more easy. The second effect touches your eternity, for through each Communion Christ gives the soul the power and the right to enjoy a greater degree of eternal happiness. Are you one of the 150 in the hall who know that the buzzer will bring you Christ, but pass by the opportunity for some flimsy reason every day?

We're In The Red.

You heard it correctly - the pamphlet rack deficit is \$800.00. Naturally we can't carry on and purchase the latest and best in reading material for you unless you help balance the books. The Sunday collections and the offerings you put in the racks are the only means of supporting the pamphlet counters in Dillon, Cavanaugh and Breen-Phillips.

Be Grateful.

The Lord is seeing some new faces in the chapel these days - the exams, you know. And he will be expecting to see the chapels crowded at Mass Wednesday morning with students who want to express their gratitude for the help they received. Don't be an ingrate.

A Few Reminders.

1. There is night prayer every night at the Grotto.
2. Late sleepers can attend Mass in Dillon and Cavanaugh at 7:10.
3. Get a crucifix for your desk from the Prefect of Religion.
