...church. Don't miss
your period of
adoration.

Brownson Basks In Bed While Notre Dame Prays For Team.

And see what happened. Fifty percent of the boys from the tented district rolled over Saturday at Mass time. Later in the day they counted the injured players as they limped off the field. Dillon also failed to part with the pillow.

Wanted 3000 Rosaries a Day.

Benediction was over. A student remained in church and said his rosary. Tonight students will enter their hall chapels to say the rosary before retiring. What's holding you back from saying a rosary every day during October for Peace?

They Ask You: "Are You A Slacker?"

If you went to town yesterday, by foot or by bus, you noticed a pile of metal in front of nearly every home from the university limits to the business district. There were broken down tricycles, bed springs, lawnmowers of another age, old batteries, battered water pipes.

The citizens of South Bend were united in doing their part for victory, for peace. What if you stopped to chat with a father as he dragged out old metal and he inquired of you: "What are you doing toward the war effort?". What would you reply?

You are challenged.

Your part now is to pray.

Are you? (Name just one spiritual act you are contributing towards peace.)

Mother Church tells you to call on the Queen of Peace this month by the rosary. Your friends in the armed forces will watch you to see the stuff of which you are made. Every bead brings the world closer to peace. Say the rosary at one of these times:

1. At the 5:00 Benediction.
2. At the Grotto during the day.
3. Before the tabernacle in your hall before retiring.

Another Of Your Guardian Angels Dies.

Sister Charitina, C.S.C. died First Friday evening. You have never heard of her until now, but she followed your successes and failures from the convent behind the Main Building where she lived for nearly forty years. She worked and prayed for you, and for some of your fathers who were Notre Dame men.

Sister leaves you an example of devotion to the work of helping others. During the summer when she was in bed with a heart condition and in a happy mood, a visitor told her that a chair was waiting for her in heaven. She replied: "I don't want the chair. I want to fold hankerchiefs for the Navy boys". Sister worked in the laundry. It was there that she offered up her duties for you. Pray for her at Benediction today.

Prayers.

Paul Kehres, '41 writes from Puerto Rico for prayers for his deceased sister-in-law. Ensign Tom Ferneding, '40 was injured in the Solomon Island battles and is now in a hospital in Oakland, California, and will be there until December. The mother of Rt. Rev. Msgr. Nicholas W. Brinkman of St. Louis died recently. Yesterday was the anniversary of the death of the sister of Russ Alvino of Cavanaugh.
