Great Men Have Used The Rosary.

Pasteur recited the rosary while waiting for his train in the station.. Hadyn said: "When a composition gives me trouble, I take out my Rosary and recite a few Hail Mary's and at once inspiration comes". And you recall that a Rosary was found near Rockne after the fatal plane crash.

Priest Shoots Penitent.

That will be real news - when it happens.. The records show that the confessional has never been the scene of any shooting, and yet some students run away from this seat of mercy because of vain fear. Those so afflicted should hurry to Dillon, Cavanaugh or Zahm Chapel tonight, press the buzzer and go right into the confessional. The confessor will help them examine their conscience and make an act of sorrow.

Dogs On Your Christmas Cards.

A card with a sketch of a long-eared puppy howling out "Best Wishes" to your pal in England or across the Pacific has nothing distinctive of Christmas about it. Such a card could be sent to the victim of an operation or to one celebrating another birthday. And it is far from expressing the "Best Wishes" of a Christian and a Catholic on Christmas day.

A soldier wants more than a smile. He wants consolation and assurance of prayerful support. Our Savior was born on Christmas Day and we are happy about it. It is the day commemorating God's charity towards us and the day we wish to express our charity towards our friends. When we wish our loved ones "The Joy of Christ", they will know our love is true and deep.

Buy cards carrying the image of the Christ Child. If you leave Christ out of CHRISTmas, you do little to spread the reign of Christ in the hearts of men.

To Those On The Mailing List.

The Bulletin is grateful to those who heard its request and helped where they could. The \$1.50 offering which we are asking of our subscribers covers our mailing costs. The workman who makes the plates for our addressograph machine has been swamped with work. This accounts for new subscribers failing to get the Bulletin immediately.

Smooth Out the Cow Lick.

Groom yourself properly before you come to the Chapel for Mass and Holy Communion. Take a little time to make your hair lay down, to adjust your tie and put on a neat coat or sweater. Remember you meet the King of Kings at the Communion rail. It's true Our Lord looks principally at your heart, but He also looks at your dress as an expression of your reverence and thoughtfulness.

Bum Steer.

Catch up with the news. Don't be like the upperclassmen who have been sending Navy men and visitors to the Prefect of Religion in Sorin Hall. The Prefect has not been in Sorin for over a semester. Father Craddick can be found in the Dillon Hall office.
