Kelley (Sbr), BB mgr.
have died within few days.

Tips To Air Corps Men.

1. Carry your Rosary with you everywhere. Grab it when tempted.
2. Start every day by looking at the crucifix on the Rosary and telling Our Blessed Lord that you wish to perform all your actions of the day for His honor and glory.
3. When about to enter a plane always: (1) touch the crucifix and tell Christ that you wish the flight to give Him glory; and (2) leave a little room in the seat for Our Blessed Lady. She is the Patroness of Air Pilots. Take her on every trip. Ask her to protect you.
4. When in danger, or in need of courage, take your Rosary and crucifix and look at it. Fortitude, confidence always flow from the thought of Our Crucified Savior.
5. Accept cheerfully every hardship, suffering, disappointment for the love of Our Lord, and for some sinner, for peace, or for any intention you wish.
6. Be an apostle. Our Lord needs you to help others. Do good. Look for opportunities to assist others. And what you can't do by your word or actions, you certainly can do by prayer and sacrifice.

Thoughts never to be forgotten:

1. The State of Grace is your most important possession. You can lose all else, reputation, money, titles, friends, even life, but if you have Grace, you have all. Pray never to lose it. Fight to retain it.
2. When you are in the State of Grace, you are a Son of God, and God gives merit to His Sons for every act they perform, even the simplest. All study, suffering, flying is wasted for heaven, if not done in the State of Grace. Only those who die in Grace reach Heaven.
3. Think and pray for others : "What you do to one of these my least brethern, you do unto Me", said Our Lord.
4. Wherever you are, you have a dignity to uphold: you are a Son of God, a Notre Dame Man, a Defender of your country - all in one.

DON'T LEAVE THE CAMPUS WITHOUT MAKING A GOOD CONFESSION,
ASSISTING AT MASS, RECEIVING HOLY COMMUNION AND MAKING A
LAST VISIT TO OUR LADY AT THE GROTTO.
