God's blessing to all,  
grads, transferees,  
vacationists!

### Will You Help These Kids?

On the South Side of Chicago there are a number of youngsters in charge of the Friendship House, a charitable group depending for its support on the offerings of friends. These kids should get away from the city streets for a while. Two weeks at a summer camp will do a world of good for their little bodies and souls. The cost is reasonable: \$12.00 for each child.

Do you want to do a good turn before you shove off for home and your vacation? Discuss this situation with a group of your buddies, maybe the fellows in your wing in the hall, or the men on your floor. And then pass the hat.

Your motive for giving can be gratitude to Our Lord for all the blessings He gave you during the school year. This was the motive behind the offerings of the seamen of Dillon and Alumni who are transferring to other schools at the end of the semester. They are sending one of the needy youngsters to camp. And don't think they won't have a grateful child praying for them every night.

You can send your offerings directly to Ann Harrigan, 309 East 43rd St., Chicago, 15, Illinois, or you can leave them with Father Craddick in Sorin, or with Fathers Sheedy and Simonitsch.

### Don't Destroy Your Calendar.

If you are returning to school next semester, place your Notre Dame calendar neatly in a book where it will not be lost. A limited stock of calendars will not permit campus coverage again at the beginning of the new term. Calendars will be given to the incoming students only.

### Last Minute Notes.

1. Greet your mother with your soul shining with Divine Grace. If you are living in the embrace of the devil, see a priest tonight for a good confession. Go home with a happy heart.
2. Thanks for the Questionnaires and for the clothing given in recent collection. The Student Activity Council deserves a vote of gratitude for taking charge of this campaign for the Italians in the liberated war areas.

### Monsignor Johnson.

In the death of Monsignor George Johnson, students are reminded that their teachers are not the only individuals playing an important role in their education. There are men who look after the interests of Catholic education in the United States as organizers and champions of the schools. Monsignor was one of these influential leaders. At the time of his death he was the Director of the NCWC Department of Education, an appointment made by the Bishops of the United States. Education has profited from his work as General Secretary of the National Educational Association and from his writings in the field of education. Catholics and non-Catholics owe much to Monsignor Johnson. Remember his soul when in prayer tonight.
