The Prefects of Religion  
wish you a Blessed and  
Happy Easter.

No Greater Love.

Many people were at the deathbed of Our Blessed Lord. Not all had the same dispositions. The two thieves made blasphemous remarks. The Scribes and Pharisees taunted Him. Soldiers took His cloak and gambled for it within the shadow of the Cross. The apostles were not even there. But Mary, His mother, was there with John and Mary Magdalene. These three had understanding hearts and consoled Christ by their presence and sorrow.

In what group will you stand this Friday, Good Friday, the day on which we react mystically the Crucifixion? Don't be indifferent to the greatest event in your life. The Cross, you must remember, is your salvation. Spend some time in church Good Friday in prayer and meditation on the Passion and Death of Christ. Attend Mass in the morning. Attend The Ore Devotions, if they are held in your parish. Make the way of the Cross. No other friend has died for you. There is no greater love than His.

A Sacred Birthday.

There are four reasons why you should be at Mass this coming Holy Thursday:  
The Real Presence of Christ on our altars  
The Sacrifice of the Mass  
Holy Communion  
The Priesthood

These were instituted at the Last Supper on the First Holy Thursday. Gratitude should motivate your attendance at the Holy Sacrifice on the birthday of the Eucharist.
