Will The Results Of The Religious Questionnaire Be Published?

Yes, provided the number of returns warrants publication. If we accept one rule for statistical surveys the returns should crowd 50 percent. Necessarily so in this questionnaire, it will take time to fill out properly and well. But don't forget this --it is going to take a whale of a long time to tabulate the data and to interpret the results. So, if you are as interested as we are in finding out what's what, get your questionnaire in without delay. We have urged your cooperation before and solicit it again.

Urgent! Mary's Day.

In 1947 the Christopher movement hit the **jackpot** for the prayerful observance of May Day. The object was to counteract the Communist observance and to beseech Our Lord, through Mary, to grant peace and liberty to the hundreds of millions behind the Iron Curtain.

Countless persons and civic-minded groups over the country gathered in public places, as well as in churches and chapels, to pray for all the unfortunates in Red-dominated lands. Because this need is far greater today than ever before, it is hoped, say the Christophers, that those participating this May 1st will be the largest number yet.

Students who have been following the Christopher idea want to do something again about May Day as Mary's Day. They have submitted a well-planned observance and have requested the Student Chaplains to give their plan a big push in order to make this year's May Day celebration the biggest ever.

It is not bigness for the sake of bigness, but bigness with a purpose, which purpose obviously is to manifest publicly devotion for the Lady on the Dome, who, at Fatima, begged the world to pray for the conversion of Russia.

Student-Planned Program.

Calls for assistance at Mass and the reception of Holy Communion. . . A Recitative Mass wherever feasible. . . At 8 p.m., as the huge bells in Sacred Heart Church ring out, students are asked to assemble outside their respective halls to begin the candle-light procession to the Grotto. . . The rosary will be lead over a public address system, which should be heard campus-wide. All are requested to respond audibly. . . At the Grotto there will be renewal of Baptismal Promises, Consecration to the Immaculate Heart, a brief talk by Father Mullahy, and Benediction.

"More Battles Than Prayers."

Wrote John Cortes before the turn of the century: "I believe that those who pray do more for the world than those who fight and that if the world is going from bad to worse it is because there are more battles than prayers."

Warning!

Thirty-seven out of every 100 persons in the world suffer under Communist domination!
