EXPOSITION

There should be a steady stream of visitors to the Lady Chapel during these afternoons when the Blessed Sacrament is exposed. Exposition starts at noon and continues until 4:45. Benediction is given at 4:45, Monday through Friday.

IN YOUR CHARITY

Please pray for the following. Deceased: Aunt of Jim O'Day, Off-Campus; Carl Rohloff, '56; brother-in-law of Miss Loretta Brennan of the AB Deans's office. Three special intentions. Remember, too, the priests and religious in Cuba.

MAY DEVOTIONS

There has been a steady stream of visitors to the Grotto since May began. There's room for many more at the devotions there each evening at 6:00 P.M. and 6:30 P.M. The devotions last only five minutes. So, come and sing along. Tonight and every night.

The first American spaceman, Navy Comdr. Alan B. Shepard, made history this morning. While he would be the first to admit that much of the credit goes to the men of science whose efforts made the flight possible, still he stands before future generations as a symbol of courage. He deserves our prayers that he, and his companions, might always inspire the young men of our nation to feats of daring in science and discovery.
